

# Edinburgh IFF - Substance Post Event Volunteer Survey

## 1. Welcome

This is a survey about the Edinburgh International Film Festival 2008 and volunteering.

It is part of a wider study being conducted at a series of events in 2008 that seeks to find new ways of evaluating major events. The purpose is to produce aggregated statistics only to feed into reports about events research and your answers will be anonymous.

If, however, you would be willing to participate in a follow up survey, there is an option to leave your email address at the end. No details will be passed to any third party outside of the research consortium or used for any other purpose.

Thank you in advance for your time and input, it is most appreciated.
